The opening chapters of Genesis are key to this discussion (and to many others), since they set out key issues in relationships between men and women as well as between humanity and God. These chapters are frequently cited in discussions about gender roles, not least because they are

Gawain and the Green Knight are traditionally masculine ones- heroism, a quest, warlike conflict- but it is imperative to note that the genesis of the story would not have occurred if it was not for the ulterior motives of the woman, Morgan le Fay.

## **Genesis, CHAPTER 12 | USCCB**

In the image of God,  
God created him/it:  
male and female God  
created them (Genesis  
1:27, my translation).  
Genesis 1:27, for all its  
brevity, is difficult to  
translate—the original  
Hebrew eludes our  
easy understanding.  
Because of this  
difficulty, we often  
ignore this account of  
human creation  
altogether.

concentrating instead on the other, more familiar account of human creation—in which woman is created from man (Genesis 2:21-23).

The Genesis of Gender

By Joy Ladin | July 29,

2015 In the beginning, there was gender. We all were born into a world in which to be human is to be divided by gender, assigned roles based on gender, and taught to understand ourselves and our relationships with others in terms of gender.
