15 Metal Detecting Tips For Beginners - Treasure Seekr

In our opinion, the Fisher F22 is the best metal detector for beginners and well-worth your consideration. It has a 9-inch search coil that’s waterproof and a superfast re-tune speed. Fast re-tune speed means once you’ve found and rejected a signal you can move onto the next without fuss. Only the best entry-level metal detectors retune themselves quickly, which the Fisher F22 does with ease.
