Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Powers Of Exclusion Land Dilemmas

Powers of Exclusion examines the key processes through which shifts in land relations are taking place, notably state land allocation and provision of property rights, the dramatic expansion of areas zoned for conservation, booms in the production of export-oriented crops, the conversion of farmland to post-agrarian uses, "intimate" exclusions involving kin and co-villagers, and mobilizations around land framed in terms of identity and belonging. In case studies drawn from seven ...
