Claudio Monteverdi, Italian composer in the late Renaissance, the most important developer of the then new genre, the opera. He also did much to bring a "modern" secular spirit into church music. Monteverdi, the son of a barber-surgeon and chemist, studied with the director of music at Cremona

Claudio Monteverdi - Encyclopedia Britannica | Britannica

There was intense debate over absolute music versus program music during the late romantic era in the late 19th century. Advocates of the "absolute music" perspective argued that instrumental music does not convey emotions or images to the listener. They claimed that music is not explicitly "about" anything and that it is non-representational. The idea of absolute music developed at the end of ...
