Violence And Gender Reexamined Law

Richard Felson argues that this type of violence is rarely the result of sexism or hatred against women and that sexism may actually inhibit violence against women. He cites research suggesting that the motives for violence against women are similar to the motives for violence against men: to control, to gain retribution, and to promote or defend self-image.

Violence & Gender Reexamined (Law and Public Policy ...

Overview. Violence and Gender Reexamined challenges one of western culture's most deeply held assumptions: That violence against women is different from violence against men. In this elegantly argued and well-researched book, author Richard Felson argues that this type of violence is rarely the result of sexism or hatred against women and that sexism may actually inhibit violence against women.
